

CroxX micro

Multitop 1

Complete Micronutrient Fertilizer with Magnesium. A spray dried microgranular with all nutrients in every microgranule providing best homogeneity.

Formulated with K-EDTA instead of Na-EDTA to increase solubility and containing available K.

Free of sodium.

For Foliar Application and Fertigation.

Content (% w/w):

0.90 B / 0.40 Cu / 4.50 Fe / 2.50 Mn / 0.10 Mo / 3.50 Zn / 2.0 Mg

Cu, Fe, Mn, Zn chelated by EDTA

Bulk density (g/l): 850 / pH: 5.5-6.0 / Solubility (g/l): 1000

Benefits

- ✓ Maximum richness: all essential Micronutrients for plants + S, K, Mg.
- ✓ Maximum efficiency: Fe, Zn, Mn, Cu fully chelated by EDTA.
- ✓ Maximum homogeneity in every granule.
- ✓ Fast solution, no dust, low in chloride

Packing: 1 kg / 5 kg / 20 kg
